Careers in Education A (Fall) → **Careers in Education B (Spring)**

After High School

Post-Secondary Options

Course Descriptions

ROP Careers in Education A (Fall)
***Butte College Credit Available**

Thinking about a career with kids or in schools? From prenatal science to workplace professionalism, this course gives you the tools to lead and the experience to succeed.

- **Simulate:** Take on the childcare simulation projects and mock classroom scenarios
- **Get Certified:** Earn your CPR and First Aid certifications
- **Observe:** Visit the local infant/childcare cares center to see professional educators in action.
- **The Whole Child:** Master the four areas of development—physical, intellectual, emotional, and social—to understand how to support every stage of a child's growth.

ROP Careers in Education B (Spring)
***Butte College Credit Available**

Get ready to teach. This semester is designed to bridge the gap between being a student and becoming a professional educator.

- **Master the Stages:** Explore toddler growth, preschool literacy, and early elementary STEAM learning.
- **Go Pro:** Start your observations and internships at local sites and gain up to 60 hours of field experience.
- **Design the Future:** Create professional lesson plans and classroom layouts from scratch.
- **Career Ready:** Complete your CDE Permit applications, build a professional resume, and prep for interviews.
